

# Product Specification Summary

## siRNA:RNA Interference

Catalog Number	27-6411-10
Product Name	siRNA non-silencing unlabeled; 10 nmols
Size	10 nmols
Description	siRNA non-silencing unlabeled; 10 nmols
Component/Note	siRNA non-silencing control

A negative control should also be included when performing siRNA experiments to eliminate the possibility of nonspecific silencing effects. For this purpose, Gene Link provides a siRNA sequence that has been shown to have no effect on gene silencing. The negative control siRNA is also available labeled with fluorescein, which allows transfection efficiency to be tracked by fluorescent microscopy.
