

Product Specification Summary

RNA Interference

Catalog Number 27-6413-10FL
Product Name Human Beta Actin control siRNA duplex FL; 10 nmols
Size 10 nmols
Description Human Beta Actin siRNA; NM_001101 FI labeled

A negative control should also be included when performing siRNA experiments to eliminate the possibility of nonspecific silencing effects. For this purpose, Gene Link provides a siRNA sequence that has been shown to have no effect on gene silencing. The negative control siRNA is also available labeled with fluorescein, which allows transfection efficiency to be tracked by fluorescent microscopy.
