

GUARANTEED RNAI EXPLORER™ KIT

ORDER SPECIFICATIONS

Customer Name : Alyson Rodgers

Order Number : 130808

Gene Link Customer Number : 10532AJ1

Order Date : 7/23/2004

Lot# : 130872

Gene ID : 31742515

Gene Name : FRDA

Base Pairs : 2270

Accession No : NM_181425

Organism : Homo sapiens

ORF Region : 356..946

Definition : N/A

Protein ID : N/A

The siRNA duplexes are designed using the latest algorithms and synthesized using the most reliable standard RNA synthesis chemistry.

This kit contains the following.

- 3 siRNA duplexes 10 nmols each of 19+2 dT 3' overhangs. Supplied lyophilized, ready to dissolve and use. Please see order report for sequence information.
- 1 negative control non-silencing siRNA. 5 nmols each.
- Choice of detection probe or custom oligos if requested at time of order.

1. FRDA1-[643]

siRNA 5' - AGACTAGCAGAGGAAACGC -'3
Sense 5' - AGACUAGCAGAGGAAACGCTT -'3
A S 3' - TTUCUGAUCGUCUCCUUUGCG -'5

2. FRDA2-[702]

siRNA 5' - GCCATACACGTTTGAGGAC -'3
Sense 5' - GCCAUACACGUUUGAGGACTT -'3
A S 3' - TTCGGUAUGUGCAAACUCCG -'5

3. FRDA3-[795]

siRNA 5' - GCAGACGCCAAACAAGCAA -'3
Sense 5' - GCAGACGCCAAACAAGCAATT -'3
A S 3' - TTCGUCUGCGGUUUGUUCGUU -'5

Guarantee: Gene Link guarantees a minimum of 70% silencing of your gene with at least one of the siRNA supplied. Gene Link will synthesize another set of 3 siRNA if evidence is provided that none of the provided siRNA was functional in achieving a minimum of 70% silencing.
