Product Specification Summary

siRNA:RNA Interference

Catalog Number	27-6411-20FL
Product Name	siRNA non-silencing FL labeled; 20 nmols
Size	20 nmols
Description	siRNA non-silencing Fl labeled. Negative control
Component/Note	siRNA non-silencing FL labeled duplex

A negative control should also be included when performing siRNA experiments to eliminate the possibility of nonspecific silencing effects. For this purpose, Gene Link provides a siRNA sequence that has been shown to have no effect on gene silencing. The negative control siRNA is also available labeled with fluorescein, which allows transfection efficiency to be tracked by fluorescent microscopy.
