

Product Specification Summary

siRNA:RNA Interference

| | |
|----------------|--|
| Catalog Number | SIRNA-ANNEALING |
| Product Name | siRNA-Annealing |
| Size | 1 |
| Description | siRNA-Annealing |
| Component/Note | RNA & SmartBase™ siRNA Resuspension, Annealing, Handling and Storage |
| Component/Note | RNA & SmartBase siRNA: Resuspension, Annealing, Handling and Storage |

Gene Link supplies all RNA and siRNA oligos in a dried state and either annealed as duplex or single stranded as requested. These are DNase-RNase free and all steps in synthesis and processing are DNase-RNase free. The exact nmols supplied is indicated on the Certificate of Analysis and the label on the tube. These can be requested as reconstituted at the desired concentration and choice of buffers. Email Gene Link at support@genelink.com for any special requirements.
